Subject: Job Application

Dear Mr JOHNSON,

In continuation with the conference you held at the ICRSS where you presented your fast-growing activity, herewith I chart out my profile for your perusal.

As a Mechanical Engineer, I have 9 substantial years of expertise and cognitive experience in the Oil Industry. India and Middle East are the geographies of my work. Primarily Oil/Gas, Petrochemical and Power plants Mechanical Quality Control & Quality Assurance and its associated activities like Welding Inspection (CSWIP 3.1 certified), Non-Destructive Examination (UT, DPT, ET, MPT & RT accredited with ASNT Level II), Hydro-Test, Hardness Test, Positive Material Identification, Post Weld Heat Treatment are significant areas of my profile.

Currently employed as a Field QC Piping/Welding Inspector in Qatar, I would start immediately if I was rendered a space in your esteemed organizational structure.

I anticipate that an opportunity would be provided to unveil my competency for this position.
